**By Hannah Alexander : Grave Risk** a mass grave is a grave containing multiple human corpses which may or may not be identified prior to burial although mass graves can be used during major conflicts bronze and granite cemetery grave markers shipped free throughout the us visit the website for custom flat marker designs and call love markers today Grave Risk:

0 of 0 review helpful Great Series of Books By Roberta J I have read almost all the Hideaway books One more to go I love them She always brings back characters that you know from her other books 0 of 0 review helpful Excellent By LA Lady I really thought this was the probably the best of the Hideaway series Lots of action I m surprised there is any one left i It was a tragedy for the entire town beloved high school principal Edith Potts collapsed and quickly died For nurse Jill Cooper it was a crushing loss and the first of many shocks Two former sweethearts have suddenly returned to town reawakening all her youthful traumas secrets and dreams Then another death occurs It appears accidental but is it Is everything a coincidence Or could it all possibly be connected to another murder three decades ago Excerpt copy Reprinted by permission All rights reserved Fingers marched across Jill Cooper s cheekbones like the legs of a stalking tarantula She stiffened eyes shut tight She wanted to retreat from the intrusion or jump up from this table and escape
