0 of 0 review helpful This is a series of 6 books By Kindle Customer I must have missed the note that announced this was a series with all different authors This often throws me as it is often hit and miss with writing styles some pleasant and some not so much Certainly think Ms Davids is up to the challenge of writing suspense There was a lot of information and characters introduced in this What s he doing back in town With his black leather jacket Patrick Rivers looks every inch the bad boy the townsfolk believe him to be Ten years ago he left Loomis Louisiana under a cloud of suspicion Back to settle his stepfather s estate Patrick knows he isn t welcome and can t wait to leave Until Shelby Mason gives him a reason to stay Because Shelby knows a secret and someone in Loomis will do anything to keep her quiet
