0 of 0 review helpful Well done By DMO This third book of the series is my favourite so far There is more chemistry between the protagonists Another well written story that keeps you reading well past bedtime Nicholai is so much like a sheriff s deputy I know that the character could be written with him in mind Clearly defined personalities are a plus as are the descriptive scenes This is a book that you experience as The mission trip to Mexico was supposed to be an adventure But the thrill turns sour when Jenna Dougherty and her roommate Magdalena are kidnapped A head injury leaves Jenna temporarily blind with no hope of escaping or helping her friend hellip until Nick Jansen arrives The ex marine brings Jenna safely home to doctors who restore her sight mdash but she opens her eyes too late to save her friend Nick helped her before mdash can he help her find Magdalena s killer
