1 of 1 review helpful Not your typical book By Doris J Bernethy Badge of Respect is a very captivating book and I could hardly put it down I have purchased and read all of Tamera Tilley s books and would have said this is her best work to date except for the way in which the book ended I was profoundly disappointed with the heart breaking ending I would give the majority of the book a 5 star rating and the ending In order to catch a serial killer targeting prostitutes Detective Joanna Anderson will have to put her skills as a cop steadfast faith and wavering heart to the ultimate test After filing charges against her ex partner for excessive force Police Officer Joanna Anderson becomes an outcast among the rank and file When promoted to detective to fill a quota she has to prove to an all male team of detectives she is qualified and deserving of the promotion
