1 of 1 review helpful Wonderful Book By Greyhound1211 Honestly I cannot say what I expected of the book before

purchasing it I've never been into sports of any kind and I'm generally the kind to shy away from romance of any sort due to a strong dislike for the tropes and stereotypes the genre embodies. Yet I found the book charming. Its characters are more or less relatable and the writing is approachable and well-crafted. Dev is a football player at Forester University, a small liberal arts college where he and his teammates get to strut around and have their pick of the girls on Friday nights. That's as good as it gets until he meets Lee, a fox with a quick wit and an attractive body.
