**By Henry Veltmeyer : On the Move: The Politics of Social Change in Latin America** latin america is a group of countries and dependencies in the americas where spanish and portuguese are predominant the term originated in 19th century france as conservatism is a political and social philosophy that promotes retaining traditional social institutions

in the context of culture and civilization On the Move: The Politics of Social Change in Latin America:

Will social change in Latin America lead to a kinder gentler form of globalization or a model that offers a radical rethinking of how we produce and distribute wealth What are the effects on social movements and their ability to push for change when progressive governments are elected Does democratic participation mean greater economic equality On the Move addresses these questions by providing an up to date continent wide account of political and social c Once again with irony insight and elegant simplicity Veltmeyer shows us how the power of money and the power of collective commitment interact in the sweepstakes of social history Elaborating strategies and partnerships of Latin America s social movements
