0 of 0 review helpful Another one from this author that I really enjoyed By AnnE I have enjoyed each book I have

read by this author and this one was no exception I was pulled into Patricia s story from the first pages as she is running for her life to escape someone that is out to kill her It certainly kept me reading and guessing to see if she could trust any of the men she connects with the story I also felt her No one crosses Jerry Windham and gets away with it Not even a woman as shrewd as Patricia Campbell After uncovering this man rsquo s dreadful secrets about women reported missing she ran Even two years later she can t get rid of the thought that he ll never stop looking for her He rsquo d do anything to see her dead or worse Unaware of the FBI rsquo s search for her to learn what information she might hold she continues to hide A new look a new city and job From the Author Thank you for taking a look at my new novel His Perfect Love nbsp I feel that this is my best thus far I ve adopted the writing style of deep point of view which should take you deep into the thoughts of the characters and keep you in
