2 of 2 review helpful Wonderful combination of suspense and romance By AnnE I thoroughly enjoyed the first three books in the Havens Creek Series and this one is a wonderful addition to the series This story follows Hannah a young woman from Baton Rouge who is running from the person who killed her roommate Nikki and fees to Havens Creek for safety I was pulled into her story from the first pages and the author has When a serial killer takes the life of her best friend and roommate Hannah Foster must flee Baton Rouge or she will be next Assuming her dead friend rsquo s identity Hannah travels to Havens Creek the childhood home of her late friend Mark Ryland has recovered from his physical injuries after a motorcycle accident but not the emotional scars Then a beautiful woman with glowing red hair rides into town on a purple Harley and Mark is faced with overcoming his demon
