2 of 2 review helpful I got sucked into this series and the first seven books could By Vix Reader Finally some new characters that are interesting I got sucked into this series and the first seven books could have easily been four I m also tired of every character just happening to be a lesbian and the all too tired cliché of eternal love at first sight And really Cam and Blair have been having the same conversation The face of terror is hard to recognize especially when it rsquo s homegrown Blair Powell is set to join her father on the campaign trail even though a domestic terrorist group has already launched one attack on President Andrew Powell s life The orchestrators of the assassination attempt are still at large and Andrew s opponent is a popular ultra conservative with questionable ties to the radical right Blair s wife DHS Deputy Director Cameron Roberts h About the Author Radclyffe has published over forty romance and romantic intrigue novels dozens of short stories and edited numerous romance and erotica anthologies She is an eight time Lambda Literary Award finalist in romance mystery and erotica win
