**By Kim Baldwin : Taken by Storm** national weather service is your source for the most complete weather forecast and weather related information on the web tropical storm harvey will continue moving toward the northwest today current sustained winds are at 45 mph with strengthening to hurricane strenght possible by Taken by Storm:

2 of 2 review helpful Great adventure thriller with a nice romance to boot By Mary A Shafer This was an excellent story in every respect The author clearly had done her research the characters were interesting and well drawn only one slightly cardboard character a nasty guy but he was a side character so you don t expect them to be fully fleshed out The first half of the book is set up but it was interesting a Lives depend on two women when a train derails high in the remote Alps but an unforgiving mountain avalanches crevasses and other perils stand between them and safety Associated Press reporter Hudson Mead is an extreme skiing enthusiast who has covered war zones and natural disasters during her long and distinguished career but nothing could have prepared her for the challenges she rsquo ll face when the snow train she rsquo s riding is decimated by a m About the Author Award winning author Kim Baldwin has been a writer for three decades following up twenty years as an executive in network news with a second vocation penning lesbian fiction She has published seven other solo novels with Bold Strokes Book
